

## 1.1 HEALTH, SAFETY, ENVIRONMENT AND QUALITY POLICY STATEMENT

METSEL is committed to delivering the best possible service to our clients and partners by providing new and innovative technology to construction Industry. METSEL is dedicated to understanding our client's requirements, and to providing products that ensure projects are completed in a safe, productive, cost and time efficient manner.

Our products and services will in all cases consider Health, Safety, Environment and Quality issues.

We work closely with our Customers to ensure our products and equipment suite our Customer's requirements.

METSEL operates and maintains a Management System which meets the requirements of ISO 9001: 2008 & and AS/NZS 4801:2001, legislation, regulations and subscribed codes of practice.

METSEL's business objectives are to use resources efficiently, minimise waste and the likelihood of accidental discharges of pollutants, maintain a safe, healthy and environmentally friendly working environment in which staff, visitors, subcontractors, suppliers and the general public are not exposed to unreasonable hazards.

Continued improvement of the Management System is achieved by:

- Establishing management objectives in Health, Safety, Environment and Quality
- Conducting regular management reviews and internal audits
- Effectively managing workplace risks.
- Attaining the highest practically achievable standards of occupational safety and health.
- Ensuring that all personnel are trained in the use of the Management System
- Creating a culture that will promote continual improvement.
- Encouraging all personnel to offer suggestions for improvement
- Committing adequate and appropriate resources to enable these goals to be achieved.
