**CUSTOMERS PLEASE NOTE THE FOLLOWING**

- A minimum of 10 working days notice is required to facilitate silo collections.
- Upon receipt of this form, metSEL will contact you to agree your silo collection date.
- We regret that we are unable to guarantee silo collection dates and cannot accept consequential costs as a result of silos not being collected at specific times.
- Silos and mixer units must be returned cleaned and in good working order.
- Silos ready for collection must be empty.
- Customers will be charged for any material returned in silos to MetSEL for disposal to landfill. Please refer to your quotation for costs.
- If material is left in the silo at the time of collection, please note that the silo truck will be unable to remove any silo from site that contains more than 12 tonnes of material (34 tubs).
- Clear unobstructed access must be provided from the highway to the silo to enable collection to take place.
- Silos that have been repositioned on site (eg. via crane) must be returned to their original delivery position prior to collection.
- If MetSEL are unable to collect a silo due to the above requirements not being met, haulage costs will be charged.
